TROUBLE IN TERRITORY MINES.

Marshal Sends Force of Officers to Quell Disturbance.

South McAlester, April 5.—Trouble has already broken out in the coal strike, and a posse of United States deputy marshals were sent this afternoon to quell it. The scene of the disturbance is at Gowen, a mining town about eight miles east of here. At this place one of the six mines under operation by the Rock Island Coal company is located. Saturday night, last, when the miners walked out the pump men at this mine joined the strike. The company promptly installed new men, and this aroused the anger of some of the more hot-headed miners. Today they waylaid a teamster who was hauling coal to feed the boilers for the pumps, and told him that unless he desisted, this work would be his last. Two shots were fired by way of intimidation, and the teamster made his way to the mine office and telephoned for help. He said there was a crowd of drunken men around the pit with guns. Marshal Pritchard sent four deputies to reinforce the officers regularly stationed at Gowen.

WAS OUTFITTED COMPLETE.

McAlester Negro Beat Clothing Man Out of Purchase.

South McAlester, April 5.—Saturday night, about 10 o'clock a black, leek negro, entered the New York second hand store, on the corner of South Main and Chickasaw streets, and began to buy some new clothing. He began with a pair of socks, then a bought a pair of shoes, next a red shirt. He then concluded he needed a suit of clothes and a hat. He got all of these on and his bill amounted to \$21.39. He spied a Colt's 45 six-shooter, and concluded he would dress up right, so he bought the gun and a round of cartridges.

The proprietor was happy over his sale, as he was getting nice profits, and the customer had offered no objection to the prices. He was a willing buyer and the merchant thought he was "dead easy."

When the negro had completed his purchases, he stepped to the door and jumped out on the sidewalk and made a dash east on Chickasaw street. The surprised merchant allowed him to escape before he realized what had happened.

PRICE REQUISITION ISSUED.

Harriett Price Wanted on Charge of Looting Store.

Guthrie, April 5.—Governor Frantz this morning issued a requisition on the governor of Tennessee for the return to the territory of Harriett Price, alias Harriett Hamilton, wanted at Oklahoma City to answer a charge of grand larceny. It is believed that the person for whom the requisition is issued is a member of the gang that has been looting the stores so successfully in Oklahoma towns for several weeks.

THE THIMBLE CLUB.

The Thimble Club will meet with Mrs. Dr. Webb next Wednesday, April 11. All members will please remember.

Pathetic Appeal.

From the London Morning Post: "Irish lady, much reduced income, would be most grateful to lady (young, medium size), who would give her left-off clothes to help her maintain social position; references. Address —."

How Cables Are Laid.

Atlantic cables are always laid from west to east, because the prevailing winds in the summer months on the Atlantic are from the west, and ships make much better weather going eastward.—Boston Transcript.

ANNOUNCEMENT.

I beg to announce to my friends and the public that I have associated myself professionally with Dr. J. E. Webb, and may hereafter be found at the offices he now occupies in the Steele building.

Respectfully,
